

CRISMON FARM IS MILITARY CAMP

Utah National Guardsmen and U. S. Regulars Arrive at Rendezvous Today.

PARADE IN FULL UNIFORM

WIRELESS WORK WILL BE CARRIED ON BY SIGNAL CORPS.

This morning at 5 o'clock the local organizations of the National Guard of Utah consisting of the signal corps, hospital corps, companies H and C, band and headquarters will leave the Armory on Pierpont street for their camp at the Crismon farm. The camp grounds are located three blocks south of the Sugar house postoffice and is one of the best sites the guard has ever obtained.

The out of town organization, consisting of five companies of infantry, will arrive in the city early this morning. B. Lake City over the Oregon Short Line railroad and will probably join the local organizations in their march to camp. The companies from the south will come in over the Rio Grande Western railroad and will be switched on to the Park City branch, taking them direct to the camp.

The first battalion of the Fifteenth Infantry under the command of Major Armstrong, will camp with them. This battalion is already in camp and was thoroughly at home in the middle of the afternoon. Major Armstrong expressed himself to the effect that the camp ground was ideal and his camp is a model camp in every respect.

All tentage and quartermaster and commissary supplies were on the ground at 5 o'clock yesterday afternoon. Companies B of Richfield, F of Mant, G of Ephraim and D of Mr. Pleasant, will come up on the regular Rio Grande train due in Salt Lake at 6:05. Each of these companies will have a special coach and the four coaches will be dropped off the train at Roper crossing and be at once switched up the Park City branch to within a short distance of camp.

Parade in Full Uniform.

Arrangements will be made so that supplies ready at the time they arrive. This battery has been in camp in East canyon for the past four days. The camp site is ideal, every condition being perfect. The battery will have target practice this morning and march to the camp Tuesday morning. The march will be on members of the respective commands not mounted, including the battalion of the Fifteenth Infantry, will be brought in to the Salt Lake over the Rio Grande train. The first time in its history, both officers and men of the signal corps will parade in full dress uniform.

The number of Utah guardsmen who will be in camp this year will be close to 500, which is 100 more than the state has ever before been able to muster. Not only will the seven companies of infantry from five to fifteen men above this number. The signal corps will have thirty men and three officers and the band will have a strength of thirty men.

The battalion from Salt Lake and Ogden will reach the camp some time before noon, and it is expected that the camp will be pitched and the cook stoves going in time to give the regiment a hot meal within a reasonable hour of noon. For the infantry the first day in camp will be one of ease and rest for the drills that will follow during the next days of the encampment. There will of course be guard duty to perform and details for the guard will be made from C companies. The remaining companies will take duty in their order.

For the signal corps the first day in camp will be one of the hardest for them, as the telephone system must be installed and in working order within a few hours after the arrival on the ground. There will be connections made with both the commercial telephone companies in the city, and all departments of the camp will have telephone service equal to that of any in the city. The following days will find the signalmen busy with their wireless outfits.

On the morning of the big parade the guardsmen will leave their camp at 6 o'clock, uniformed in their full dress, bright and new from the quartermaster's department. This will be the first occasion at which the guard has appeared in full dress uniform.

On Monday evening all the officers of the staff and regiment will be at the Commercial club to pay their respects to Commander-in-Chief Nevius of the Grand Army of the Republic.

Perfectly Moulded Figures

Another Medical Discovery

To get out of condition is detrimental to beauty of form as well as to health. There is a certain flabbiness which robs a good figure of charm and grace. Those who are beginning to grow fat rapidly are never in the pink of condition.

But here medical science has supplied in with a very wonderful remedy—one which not only restores a perfectly moulded form, but renews health and strength. We give the recipe in full for the benefit of our stoutest friends: 1/2 oz. Marmola, 1/2 oz. Fluid Extract, 1/2 oz. Marmola and 1/2 oz. Peppermint Water.

Any druggist will make up this prescription, or supply you with the ingredients, which you can mix yourself. The dose is one teaspoonful after each meal and at bedtime.

The great virtue of this harmless remedy is that whilst the excess fat is being expelled, the person under treatment has a healthy appetite and does not need to study dietetics or go in for strenuous exercises. The whole system is "refreshed" and rejuvenated, the blood renewed and muscular development restored.

OGDEN VETERAN IS CANDIDATE FOR SENIOR VICE COMMANDER

W. M. Bostaph.

W. M. Bostaph is a Pennsylvania soldier; at the age of 16 years enlisted in 1881 in the One Hundred and Third regiment, Pennsylvania Infantry volunteers; was in several of the hard-fought battles of the army of the Potomac; at Fair Oaks, Va., was severely wounded by a shot through the shoulder, resulting in paralysis of the right arm, and was honorably discharged. At the close of the war came west, and settled in Missouri, where he held several responsible official positions, and was well known in Grand Army circles. He became a member of the Grand Army in 1882. Twenty years ago he came to Utah, where he has since made his home. He is by profession a civil and hydraulic engineer, a master in his profession, and has been connected professionally with many of the large irrigation and power enterprises that have in the last twenty years been developed

Ogden, Sunday, Aug. 8.

EIGHT BUTCHERS TO BE ARRESTED

Investigation of State Chemist Harms Results in Charges Being Preferred.

ENFORCE PURE FOOD LAW

WARNINGS GIVEN IN TIME, BUT IGNORED BY BUTCHERS.

Ogden butchers are to be made to face the pure food laws.

Eight of the local meat dealers will be arrested on Monday to answer to the charge of selling decayed meat and using various preservatives contrary to law.

During the past week several samples of meat were purchased in this city and sent to State Chemist Harms in Salt Lake City for analysis. The result is such that warrants are out for eight Ogden meat dealers.

The state food commissioners are determined to have the laws on this point enforced. Warnings have been given to the local dealers time and again without effect. Now they are to get a touch of the law.

It is announced also that milk sold in Ogden is impure and a menace to the health of the community.

ANGERS ANGRY AT WARDEN GROW

Official Alleged to Have Neglected to Prosecute Men Accused of Illegal Fishing.

There is still much indignation in Huntsville over the lax manner in which the fish and game laws are administered by Deputy Game Warden John M. Grow.

Yesterday Hunt Nicholson and Will Hall were arrested at the Hermitage while trying to sell fish caught without license in the streams around Huntsville. It is asserted that Deputy John M. Grow was notified that these men were repeatedly catching fish and that he made no effort to stop it.

The arrests yesterday were made by District Warden Alex Meyer and Thomas R. Stoker, a man he has depicted in an effort to enforce the laws. The assertion is also made that since August 1 these two men have made more arrests for violations of the fish and game laws in the vicinity of Huntsville than John M. Grow has made in the entire four years of his service.

Nicholson and Hall will probably be brought to Ogden for a hearing, as the officials claim that it is impossible to secure a conviction before City Judge Donald McKay in Huntsville.

VISIT OLD SOLDIERS.

Crack Company of National Guards Goes to Salt Lake.

Company B of Ogden, N. G. U., fifty men strong, in command of Lieutenant W. E. Kneass and Lieutenant R. R. Lawrence, will leave this morning on a special Oregon Short Line train, and will go into camp near Salt Lake City during the coming week.

The company is in fine condition, and is claimed to be the best drilled organization in the guards of the state.

The non-commissioned officers are First Sergeant R. L. McDaniel, Sergeants E. E. Miller, Frank Smith and Floyd Smith;

all over this intermountain country, where his character and ability are universally recognized and his services always in demand.

He has always been an active member of the Grand Army, serving as department commander of Utah in 1908, always attends the department and many of the national encampments.

He was in the delegation that attended the national encampment at Toledo and invited the national encampment to come to Utah, and since then has been actively engaged in committee work arranging for the entertainment Aug. 9 to 14 next.

He is a candidate for the position of senior vice commander-in-chief of the G. A. R., an honor generally conferred on the state in which the Grand Army encampment is held. Mr. Bostaph's home is in Ogden, where for years he has been active in the Dix-Logan post.

Corporal Tanner on His Way to Salt Lake

Denver, Colo., Aug. 7.—The ten-car G. A. R. special train bearing the Colorado delegation to the Salt Lake encampment left here today. The delegation was headed by General George W. Cook and was accompanied by "Corporal" James Tanner of New York, former commander in chief.

LADIES MAKE FINAL APPEAL FOR FLOWERS

The ladies of the flower committee have learned that the impression has gained ground that, inasmuch as flowers are coming from places outside of Salt Lake, there is no need of flowers from this city. This impression is entirely erroneous. The committee needs every flower it can possibly get, or else the flower show will be a failure.

Some flowers have arrived from Garland, and Kaysville and Bountiful will send some early in the week, but it is on Salt Lake that the committee relies for the bulk of the supply.

The committee will begin the making of buttonhole bouquets Monday morning in room 223 Houston building, and flowers will be received at that time.

Beautiful bouquet flowers have been contributed by these ladies: Mrs. J. C. Cutler, Mrs. E. A. Wall, Mrs. Heber S. Cutler, Mrs. M. A. Waller, Mrs. J. N. Currie, Mrs. Mary Currie and Mrs. Frank Herman. These flowers have been used in decorating the officers' headquarters. The committee will welcome like contributions from any other ladies who have plants to spare.

The first essential, however, is to secure as many flowers from Salt Lake gardens as it is possible to do.

OGDEN TURNS OUT TO WELCOME NEVIUS

(Special to The Herald.)

Ogden, Aug. 7.—A crowd estimated at 5,000 persons gathered at the Union depot last evening to greet Commander-in-Chief Henry M. Nevius when his train arrived from the east just before 7 o'clock. The Dix-Logan post, the Ladies Relief corps, with eight little girls carrying baskets of flowers, marched from the city hall to the station, and were followed by a large crowd.

On the arrival of the train the commander-in-chief was greeted with a salute of twenty-one guns by a platoon of Spanish war veterans. There were five cars filled with members of the G. A. R. A little girl boarded the car and gave each occupant a bouquet of flowers, with a card welcoming them to Utah.

The band played patriotic airs, while a general reception was held for about twenty minutes.

There was somewhat of a hitch in the program, as there was no official representative of the city to meet the visitors, and there was no speechmaking. A special train was made up here to carry the commander-in-chief and those with him to Salt Lake.

Decorating in the city went on at a lively rate all day yesterday, and by night the entire business district presented a holiday appearance.

Mr. headquarters' bureau of information was opened in the city hall and sixty G. A. R. veterans were registered during the day.

Lieutenant W. E. Kneass was given a day of absence for three weeks with full pay.

Haskell Merrick, who escaped from the State Industrial school some time ago, was caught in Butte, Mont. An officer of the school was sent there after the boy and he was returned to the institution yesterday. The trustees of the school held a meeting for the transaction of routine business yesterday.

John Reed and E. Mitchell were arrested Friday night, suspected of being members of the gang of thieves found operating on Bamberger trains a few nights ago. These, with Thomas Hildebrand and Thomas Martz, were held, and the police will try to have them bound over to the district court.

Quickly conference of Ogden stakeholders at the Ogden tobacco store today. There will be a meeting at 10 o'clock in the morning and another at 2 o'clock in the afternoon. The evening meeting will have a joint session with the Mutuals will have a joint session. Apostle O. F. Whitney and President H. H. Roberts will be the principal speakers of the day.

William H. Brierly has been appointed by the board of fire underwriters in Ogden, fire insurance company, as chief of the fire department. Mr. Brierly is a deputy fire marshal, with authority to inspect fire conditions in the city, especially the conditions of back yards in the business district, many of which have been neglected up to this time.

Andrew Muller, who claims to be on his way home from Denver, where he had been attending the convention of the Western Federation of Miners as a delegate, was found in the city yesterday night badly beaten. He was under the influence of liquor and when taken to the police station was unable to tell just what had happened to him. He was cared for by City Physician Browning.

Pearl Sackett filed suit for divorce yesterday in the district court against Louis James Sackett. The complaint of the wife sets forth that the couple were married in Ogden December 28, 1902, and that more than a year ago Sackett deserted his wife and has since failed to provide the necessities of life for her and her only child, a boy of 6 years, although the husband is capable of earning from \$30 to \$35 a month as telegraph operator. The wife asks for a decree of divorce, the custody of the child and the restoration of her maiden name.

A daring thief grabbed a handbag from Miss Orin Woolley as she was walking Twenty-third street at 8:30 o'clock last evening. The bag contained \$2 in cash and several articles of no special value. The thief, who had followed Miss Woolley and a friend for some distance,

stepped up behind, as though going to pass. He then grabbed the handbag and ran behind George A. Lowe's warehouse, where the bag was afterwards found with everything in it except the cash.

Ogden City schools will open on Tuesday, Sept. 1, and janitors are expected to be on duty Sept. 1. This action was taken by the board of education at a meeting last night of the county board, where the children from West Ogden could be brought over the viaduct to the city schools. Superintendent Mills will investigate the matter thoroughly. Superintendent Mills reported that R. D. Masters, who has been elected a principal, desired to be released, as he had been offered a better position. No action was taken.

FARMERS TAXED; URBANITES EXEMPT

Provo Commissioners Find Domestic Animal Levy Does Not Apply to Towns.

Provo, Aug. 7.—At the meeting of the county commissioners held today the road tax on domestic animals was discussed, and the commissioners and were given instructions regarding their duties under the new law. The following tax levy was made:

Four mills for general purposes, 2½ mills for county school purposes, 1 mill on the valuation of sheep and goats and 1 mill on horses and cattle outside of incorporated cities and towns. The levy on domestic animals is in addition to the payment of bounties and is mandatory under the law of the last legislature. It is in the nature of a tax on the animal, and is not a tax on the owner, but from the wording of the statute all animals in the county outside of towns and cities are liable, and it will work a hardship on people living in the county who have no range animals. Their horses and cows will be assessed while those owned in cities and towns will not.

The county treasurer presented statements showing the following balances in hand in the respective funds of his office:

General fund, \$3,917.42; county school fund, \$45.92; county superintendent's contingent fund, \$405.17; jurors and witnesses fund, \$221.40.

KICK ON COAL RATES.

(Special to The Herald.)

Washington, Aug. 7.—The League of Southern Idaho Commercial Clubs today filed a complaint with the interstate commerce commission against the Oregon Short Line, Utah & Northern and Union Pacific railroads, alleging that their rates on coal from the Wyoming fields to points in southern Idaho are excessive.

Portland, Ore., while the rate to Butte, Mont., is only \$3.25. They ask that rates to Idaho points be lowered by order of the commission.

ENROUTE FOR HOME.

(Special to The Herald.)

Washington, Aug. 7.—Representative Mondell left today for his home in Newcastle, Wyo. Before leaving he called upon Secretary Wilson of the agricultural department, who promised to attend the Wyoming and Colorado stockmen's meeting to be held at Rawlins, Wyo., Aug. 28.

FUNERAL OF HOFFMAN.

The comrades of McKean post will meet at 8 o'clock at 530 N. W. Sunday, August 8, to march in body to O'Donnell's funeral parlors on West Temple street to attend the funeral of Past Department Commander Frank Hoffman at 4 o'clock. Members of Maxwell post and all comrades of the G. A. R. are invited to attend.

BIG CHECK MADE OF LITTLE ONE

W. D. Owen Arrested Charged With Having Altered and Cashed Paper.

(Special to The Herald.)

Bingham, Aug. 7.—W. D. Owen was arrested today by Deputy Sheriff C. D. Coates on the charge of forging and cashing a check for \$1,000, issued by the Utah Construction company, in favor of C. L. Miller and raised it to \$750.

While in the Athens saloon last evening it is asserted, he induced Miller's name on the back of the check and is alleged to have passed it over the bar in the presence of the number of witnesses. He immediately became a good fellow and proceeded to treat every one in the saloon.

When the check was presented at the Bingham State bank they became suspicious and refused to cash it.

In discussing the matter today Owen admitted that he passed the check, but denied that he had induced Miller's name on the back of the check.

He will be arraigned before Justice Frank H. Clevenger on Tuesday.

Frank Jones, superintendent of the Ohio copper mill, is rapidly recovering from a several weeks' illness.

McKinn, master mechanic at the Bingham Mines company, is on an extended coast trip. He will visit Los Angeles, San Francisco and the exposition at Seattle.

Dick Bray, formerly shift boss at the Highland Boy mine, has charge of the work in the next regular session.

Thomas J. Moore, who claims to have toured the country with Eugene V. Debs in the "red special," delivered a labor address to a large audience here this evening.

GUNNISON IS NOW A CITY

Petition to Consolidate School Districts of Sanpete County Is Considered.

Manti, Aug. 7.—A petition was before the board of county commissioners during the week to consolidate the school districts of Sanpete county. The matter was tabled until the next regular session, principally for the purpose of allowing the public to become acquainted with this new movement and also that the citizens may have an opportunity to talk over the matter with the county commissioners.

The county infirmity improvement bids were opened by the county commissioners of Sanpete county during their session this week. The successful bidders were: B. & J. Jacobsen of Mt. Pleasant, their offer being \$5,412; Erickson & Clement of Fairview bid \$1,947, and J. G. Kilstrom of Ogden bid \$6,600. The infirmity is located at Fairview.

Gunnison, located about fifteen miles south of Manti is now a city. A special election was held last week at which 80 votes were cast for incorporation and 10 against it. The new officers are: Mayor, C. F. Christensen; treasurer, D. Beauregard; recorder, Clarence M. Childs; councilmen, A. F. Christensen, C. M. Madison, A. C. Bartholomew, H. M. Childs, J. S. Peterson; justice of the peace, Albert Swain. The city of Gunnison is forcing ahead very rapidly and may soon be known as one of the largest cities in this county.

Three members of company F, N. G. U., will attend the contest at Camp Perry, O., during the year. They are Sergeant Major Nielsen, Quartermaster Buchanan and Private J. T. Henrie. They made an excellent showing at Fort Douglas last Saturday, where a contest was held. Their performance is in better shape than ever and promises to make an excellent record at the encampment this year.

The funeral of the Cox family of this county was held in the mortuary building this county and Emery the past week. There were over fifty-seven of the family gathered and spent a most excellent time.

During the coming week Miss Bertha Bessey of this city will be united in marriage to a young man from Kearsley, Wyo. Bessey is the daughter of Mr. and Mrs. Walter Bessey.

W. G. Bingham and family and Attorney Lewis Larsen and family are visiting in Ferron with relatives.

BINGHAM NEWS NOTES.

Bingham, Aug. 7.—Arrell Doty, the infant son of Mr. and Mrs. Joseph Doty, 1 month old, died at their home at 1 o'clock this morning of blood poisoning. Funeral services will be held tomorrow.
